

Dispobox

Meticulously designed

Dispobox is the economical and environmentally friendly packaging for sending goods. We supply, deliver, clean and store the Dispoboxes. All you need to do is fill them. Dispobox simplifies your packaging, picking and dispatching.

Here's how simple Dispobox is

You order the Dispoboxes online by 11 a.m. at www.swisspost.ch/dispobox → «Order Dispoboxes». Delivery is made the next day (Mon–Fri). You pack your goods into the Dispoboxes and hand them in as a parcel, or we collect them. We deliver them to the recipients and immediately take the empty Dispoboxes including filler back with us. As the sender, you can elect for the Dispoboxes to be left with the recipient and collected at a later date. Afterwards, we recycle or dispose of it, clean the Dispoboxes and make them available for the next order. The cleaning fulfils GDP and HACCP requirements.

By using the delivery instruction “Deposit consignment”, you can arrange for a Dispobox to be deposited if the recipient is not present.

Dispobox: big or small, but always sturdy

The Dispobox is made of durable, odourless, waterproof and recyclable material. It is available in several sizes.
